

## **An update to all members of the “Stelco Non-USW Life and Health Trust” who also qualify for “ODB” (Ontario Drug Plan)**

**At the meeting of the Trustees in November, GreenShield provided an update regarding the \$100 ODB deductible.**

GSC have informed the Trustees that they have completed the reprogramming work to rectify the co-pay that was applied to the \$100 ODB deductible and will be implementing the reimbursement beginning January 1 2019. The original communication was that the ‘fix’ would be implemented in November 2018, but GSC has now requested that the process for reimbursement begin in January.

We will post a website notice outlining the process and options for reimbursement prior to January 1<sup>st</sup>. Please stay tuned.

Members will need to continue to pay the 20% at the pharmacy, but keep your receipts and you will be reimbursed. **Do not send your request for reimbursement prior to January 1<sup>st</sup> or it will be rejected.**

Again, we apologize for the inconvenience this has caused.
