

**New Death Benefit administration (\*updated\*)**

A new feature added to the plan in May 2025 is payment of a **\$2500 Death Benefit** upon the death of a Plan member. The Death Benefit will be paid to the estate of the deceased Plan Member. (Unfortunately, the Trustees were not able to extend payment of the Death Benefit to include payment on the death of covered dependents, spouses or surviving spouses).

The Trust will be making payment of the Death Benefit retroactive to include payment to the estates of plan members who passed away on or after January 1, 2025.

In order for the Trust to process payment of a death benefit, the representative of the deceased Plan Member must provide the Trust with copies of (a) a certified death certificate, and (b) a Certificate of Appointment of Estate Trustee, a Small Estate Certificate, or, if the Will is not going through probate, a completed and signed copy of the Trust's Waiver Indemnity. In addition, please provide the mailing address of the Estate Trustee.

Please either provide the required information by mail to:

Stelco non-USW Retiree Life and Health Trust  
c/o 52 Wineva Avenue  
Toronto, ON M4E 2T2

Alternatively, scanned copies of the required documentation can be provided by email to the StelTrust email address: [stelcobenefittrust@gmail.com](mailto:stelcobenefittrust@gmail.com).
